The Y.E.S. House remains committed to assisting our youth and families in this uncertain time. We have suspended our Learn and Grow Prevention Program through April 3rd, 2020. We will continue our Outpatient Counseling, Day Treatment, Adolescent Intensive Outpatient Program (AIOP) and Drug Court Services through Telehealth (videoconferencing, phone, etc.) We encourage all our Mentors to please contact your Mentees by phone or computer. They will need your support. The Y.E.S. House School will remain on break for those youth who live at home.

The Y.E.S. House is committed to continue therapy/services in the safest means possible using social distancing, good hygiene practices and/or Telehealth.

Visitors are not allowed at the Y.E.S. House, at this time, to prevent the spread of COVID-19.

We have dedicated staff that will be caring for our residential youth during this COVID-19 pandemic. This is a challenging situation and our staff are truly servants, willing to risk their well-being for the protection and care of our most vulnerable children.

The Y.E.S. House Staff have been conducting daily staff meetings to adjust to the ever-changing recommendations by our government and the agencies that certify us. We will be constantly monitoring COVID-19 and the recommendations that we are given. We will notify our community of any further changes in our services.

We will have staff available 24/7 by phone to youth and families who may need support, to talk through a situation, give referrals or just to listen. Please call 307-686-7539 and a Crisis Shelter Staff will gladly speak with you.

Please know that we appreciate your support and are grateful for your kind hearts.

Sincerely,

Sheri England and the Y.E.S. House Board of Directors
